

In the common pleas court at Hannibal last week, George Williams, colored, was tried before a jury on the charge of grand larceny. He was convicted and sentenced to the penitentiary for life. This will make his third term in the pen.

RHEUMATISM CURED in a Day.—“Mystic Cure” for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits, 75 cents. Sold by Martin and Applegate, Druggist, Keytesville.

W. R. THURMAN and Mr. H. T. Barkhead were arrested in Ralls county, Monday of last week, for performing an abortion on Miss Annie Rupp, of Quincy. If they are guilty they should be sent to the penitentiary for life, for of all the damnable crimes ever committed the one they are charged with is the worst.

MAJ. HENRY W. WILLIAMS, who died last week at St. Louis, saw all of the civil war there was to see. He was a member of the state guard, captured at Camp Jackson in 1861 and surrendered at Fort Blakely near Mobile. He was quarter-master of General Martin E. Green's brigade, after General Green's death commanded by General Cockrell.

At Madison, Monroe county, day, Frank Dawson, a 13-year-old boy, was playing with an old pistol one day last week when it was discharged, inflicting wounds that very nearly resulted in his death. It was an old-fashioned ball and powder pistol, and the ball inflicted a severe wound in the boy's leg, while the cap in some way was blown into his eye, injuring it so badly that the sight will be destroyed.

Shiloh's Consumption Cure. This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10c., 50c. and \$1. If your lungs are sore, chest, or back lame, use Shiloh's Porous Plaster. Sold by W. C. Gaston.

Ho! my sisters, see the banner waving in the sky. Are you broken-down, discouraged? Courage! help is nigh. On that banner read this legend: "Suffering women, hail! Pierce's Favorite Prescription. Ne'er was known to fail." The success of this remedy is wonderful. Its record is unparalleled. It has cured thousands of cases of female weakness, irregularities, and all diseases peculiar to the sex. It can always be depended on to do exactly what is claimed for it. All the proprietors ask is a trial. That will convince the most skeptical of its wonderful virtues. Price (\$1.00) refunded if it fails to give satisfaction. Guarantee printed on every bottle wrapper.

For a long time there has been ill feelings between the tough element and the salvationists of Wyandott, Michigan. As the army was marching along the streets of that city, one evening last week somebody threw a brick at Lieut. Low, fell him to the earth. This was the signal for a general attack and the bricks, stones, clubs and knives were freely used on the panic-stricken army. The latter made no attempt at defense, but scattered as fast as possible. No arrests have been made.

A Solid Knock-Down Blow. The whale blows water while at play; Trees blow in every clime; The sweetest flowers blow in May, But the wind blows all the time.

There's lots of blowing in this world. Sufferers from catarrh blow their noses, and quacks blow about their "cures." Dr. Sage's Catarrh Remedy is the only infallible one. Its proprietors back up this claim by offering \$500 for every case they fail to cure permanently. This is an unanswerable blow at humbuggery, coming from men of sterling reputation and ample capital. Naze catarrh cannot resist the potency of this remedy. It stops discharges, leaving the senses acute, the head clear, and the breath normal. Of all druggists, 50 cents.

WARNERISM.

The campaign in Missouri this year is wholly without precedent, so far as we are aware, in political history. It indicates, in a remarkable degree, the bitter character of that special element of the Republican party in Missouri, fathered by men of the type of Col. Van Horn, and made up, in the main, of men who, like Maj. Warner, drifted into Missouri immediately after the close of the civil war for the sake of seizing upon public office, and which is irreconcilable with the Democracy of the state, and, in special, with that larger portion of the Democracy who are descended from or are in kinship with the pioneers of Missouri. This element in the Republican party is only a minority of it, and, really, a small minority, but by reason of its activity and venom towards Democrats, it has succeeded in getting in the lead of its party, and in engrafting on it its peculiar views. The old Republicans—we mean those whose residence in the state extends beyond the civil war, or who are descendants of such Republicans—can, in the nature of the case, have no sense of repulsion towards Democrats, nor can they, really, believe in the monopolies and force bills of the Republican party. The great mass of old Republicans are of kin to the great mass of old Democrats. In every sense their interests are identical. The older men of this great mass of Republicans were generally Democrats before the civil war. If it had not been for the constant incitement and pricking on of the irreconcilable type of Republicans, they would, in large part, have long since been refused into the Democracy.

This irreconcilable type, or, rather, its spirit, may be termed Warnerism. The men of this type, coming to Rome, have determined not to become Romans. Hence it will be in vain to look through the whole newspaper literature of this type in our state and find a single kindly, respectful word of old Missourians, or their friends who have become bone of their bone and flesh of their flesh. These men of the irreconcilable type, have had, practically, the control of the Republican press in Missouri, and have constantly sought to lash the whole Republican party into the same ultra venom. The spirit of this type is now in action. The real motive is hidden under a few pretended charges of misgovernment on the part of the Democrats. They have no political grounds whatever on which to ask the people of this State irrespective of party, to remove the Democratic party from power. Hence, stripping Warnerism bare and seeing it as it really is, its campaign is not one of any kind of principle, but a mere attack upon the largest portion of the population of the state. Warnerism, through Warner, Van Horn and Company, says to all Democrats in Missouri, and particularly to all old Democrats—we mean all old Missourians of our party—in effect as follows: "You are mossbacks. The moss on your backs is ten feet long. You are ignorant. You are unprogressive. You are behind the times. You are not smart. You do not know how to govern a state. You are slow. You are pokey. We are smart—we are, cute. Compared with us, you are ignoramus. Get out of the way, you miserable old fogies, and give your Missouri up to men like us. If you will behave yourselves after we get into power, and lick the dust off our shoes, you may go on in your old fashioned ways, if you wish it, and be damned to you!"

We submit that the foregoing is an exact expression in words of the very spirit of Warnerism. Will any candid Republican of the Warner-Van Horn type deny it? Every editorial in the Kansas City Journal for more than twenty years past, if bearing on Missourians of the older type and their friends, will fully prove it. And Maj. Warner is the mouthpiece of this spirit of venom and contempt. Is this a proof of

his statesmanship? Is it a part of the action of a truly able man to insult a population and then ask it to elect him to rule over it?

Now this address of Warnerism to the Democratic part of Missouri's population is as much an insult and reflection on old Missourians who are Republicans as Democrats. If the old Democrats are fogies and mossbacks, so, too, are the old Republicans. Will the old Republicans who recollect the former days of political fraternity and a common Missourianism accept the reflections and gibes of Warnerism on themselves and the bones of their fathers, and befool their own nest at the behest of Warner, Van Horn and Company? And you, gentlemen of the People's party—and there is plenty of good, old Missouri blood in your veins—are you going back on your kin and political faith? Are you intending to vote for Leonard—and thereby, indirectly, give aid and comfort to Warnerism—after being laughed to scorn by Warnerites and called mossbacks, fogies, antiquated, worthless Missourians?

Under these circumstances, and with such an address ringing in our ears as Warnerism is making to us, are we Democrats—true, old Missourians—going to vote for Maj. Warner to rule over us? No! A million times—No! To a true Democrat, the mere suggestion that he will vote for Warner is an atrocious insult. Even if the charge of Warnerism against Missouri Democrats were true, and we knew that we are fogies and mossbacks and unworthy to govern the beloved Missouri which fathers made and beautified for us, what would all decent, honorable men, the world over, think of us if we admitted it? Would they not, in opinion, place us among the lowest of the low, the meanest of the mean?

No! Maj. Warner, we will not be little ourselves, nor dishonor the ashes of our fathers. We will not tell Bentons, the Geyers, the Bateses, the Atchisons, the Bartons the Doniphans, nor any other of the valorous and gifted Missourians now resting on honor's biers, that their sons are not men capable of defending their and our glories nor of manning the good ship, Missouri.

Democrats! November comes! Honor and duty call! The banner of your party is floating abroad, gleaming with purple and gold! Forward, every man of you, to the polls! Go, as one huge, overwhelming wave, and bury so deeply beneath your votes they who traduce you and your dead fathers, that there can be political resurrection for them no more forever!

Cheap Homes for Millions.

In order to meet the constantly growing demands which come from every quarter of the North, East and West, for reducing rates, to enable the farmer, the emigrant and the capitalist to visit the Southwest, and particularly Texas, the Missouri, Kansas & Texas railway have determined to sell tickets on October 25th, from points in the North, East and West, to all points on its main line in Missouri and Kansas, south of Clinton, Mo., and all points in the state of Texas, at the extremely low rate of one fare for the round trip, good to return 20 days from date of sale.

The report which comes from Texas of the prodigious prospective yields in the crops for the present season, as well as those for several previous years, together with the severity of winters in the northern and western states for several years past, will induce many to locate on the sun-kissed prairies of this favored land during the coming fall. Now is your opportunity. Grasp it while it is yet with in your reach.
